FAIRLAWN ELEMENTARY SCHOOL School Improvement Plan (SIP)

Schoolwide Strategic SIP Schoolwide Strategic Planner (Comprehensive Support/Targeted Support: PAI 1 and 2) Planner (SWP) **Planning Tools Self-Assessment** Rubric **Root Cause Tools** (SIOT) **Action Plan & Short-**Planning and Monitoring Management (Short-Term Cycles) **Term Monitoring** & Monitoring **Disaggregated Data** TSI Subgroup Progress Monitoring **Tools** (Medium- & Long-Term Goals) (CSI/TSI Subgroups) **Schoolwide Strategic** Culture & Climate 3rd Strategy **Optional** (Required for Priority: PAI 3) Planner (C/C Planner) **Supporting Tools SIOT Analysis Root Cause Tools**

CID Innut

(stakeholder input)	Administration, District, Teachers, Community Partners (YF and SW), Parent & Student Voice Input
SIP Team Members	Hannah Kirkman, Jared Turney, Kelsey Wright, Cynthia Evans, Kristal Dellay, Holly Pate, Amy Freeman, Danielle Meece, Sandra Moore, Lindsay Ritter

SIOT (Strengths, Improvements, Opportunities, and Threats)

- While using your previous SIP and relevant data (NWEA, IREAD-3, MySchool Survey, Panorama, Big 5 Reports, GTIC, etc), answer the following questions:

 1. List school's primary strengths and areas of improvement from the previous SY forces or barriers working for or against the School Improvement Plan implementation (SIP).

 2. List school's key opportunities and threats from the previous SY political, economic, social, technological, demographic or legal trends that are or may impact school's ability to achieve SIP implementation.

 3. After completing the SIOT analysis, what are the highest leverage school improvement strategies for the current SY?

 4. Are there any opportunities we can take advantage of because of a strength?

- 5. Are there any threats compounded by a weakness?

	Analysis of Previous SY	
Strengths	Areas of Improvement	Questions for Reflection
- At the end of the 22-23 SY almost all teachers show implementation of EL reading curriculum with integrity consistently when teaching the module component. - Spring '23, a coaching system was launched to provide all teachers individualized coaching utilizing partnership principles and SMARTE goals. - Biweekly Activator meetings developed PLC leaders and thus improving PLC foundational components (Preparation, Norms/Values/Protocols, & CC of the PLC) - All Fairlawn teachers value time spent in PLC (Fall & Spring Survey) - Panorama data show that conditions are in place with teachers-Fairlawn scored significantly higher than the district on T Winter in every category. - 81% of students feel their teacher encourages them to do their best - 80% of students feel their teacher nas high expectations for them - 95% of teachers feel theat the working environment is positive - 1-10% of teachers feel that the working environment is positive - 1-14% in Student Mindset category - 89% of teachers believe that their school will improve - Staffing coverage and support has proven to be more consistent this year supported by intentional scheduling and resources. - My School Survey (2023) - 94.1% of families believe when S are in this school they feel welcome. - 92% of families believe when S are in this school they feel welcome. - 69.5% (increase of 17%) of students set learning goals for school work.	- The gap between Fairlawn and the EVSC percent of students at or above national norm RIT has grown over the last three years in reading and math - The Spring percent of students passing IREAD3 has decreased since 2017 (77, 60, 57, 60, 37, 34) - Historic low Spring+Summer IREAD Pass Rate (41.4%) - Approximately 20% of K-2 students show proficiency on grade level foundational reading skills - Historic low on 22-23 ILEARN percent of students proficient on ILEARN in reading (11.7%) and math (17.8%). - Inconsistencies exist across teachers and walkthroughs when looking for Skills and ALL block criteria. - Walkthrough data shows few students doing the thinking and rare for teachers to be observed monitoring for learning (mostly for student compliance) - PLC observations show that most PLCs do not yet meet expectations in the areas of Focus on Instruction and Focus on Student Learning - 23-24: 4 out of 6 activators are new - 53% of teachers feel comfortable having a student who can't communicate well due to home language (-23%) - Within 5 months (Jan-May), teachers asked for help with students' behavior over 1800 times (not counting refueling). Of these calls, less than 10% resulted in an office referral. - Of the 531 ODRs (to date) 54% resulted from unsafe physical actions - My School Survey (2023) - 78.4% of families feel they are provided with information to help their child at home. - 65.3% of families feel ownership in this school. - 65.2% of families feel ownership in this school. - 59.7% of students like school. - 59.7% of students look forward to coming to school most days. - Families - 84.6% - Staff - 100% - 54.8% of students think other students care about them. ILEARN (2023) - ELA - Overall = 11.67% - SE = 5% - ELL = 0% - Math - Overall = 17.78% - SE = 7.5% - ELL = 0%	Strengths: What are your school's primary strengths? What data supports these strengths? What knowledge, skills and mindsets do you have that can help you with successful implementation of your school improvement plan? What resources do you have available? What is your greatest achievement? Improvements: What are your school's primary areas for improvement? What data supports the need for improvement? What knowledge, skills, and mindsets are you missing? What should you stop/avoid doing? In what areas do you need more training?
Opportunities	Threats	Questions for Reflection
- Entering Vision/Mission/Values reset- major opportunity to norm high expectations and increased consistency across the school - Leverage PLC structures, buy-in and foundation to continue to improve PLC processes focused on instruction and student learning - Leverage additional Flex days within the EL curriculum to improve student proficiency on priority standards and skills (reading foundations, writing, comprehension) per student data - Leverage individual coaching system to improve instructional strategies aligned to SIP and intentionally support new teachers - District and school expertise available to build staff mindset, confidence, skill set and persistence to support students' behavioral cycle to regulation in the classroom or self-reg room vs office. - Additional need to focus on peer-to-peer - Improve family engagement and partnership connected to student learning. (58% of teachers feel like families have opportunities to provide input into decisions at school) - Additional PD/support for ELL student	- Per classroom observation and goal setting conversations, an obstacle may be a staff culture of low expectations or cultural competency. - Teacher calls for student support and peer-to-peer conflict (drama) results in student loss of instructional time. - There is a decline in some student perception data - 22% of students feel people are almost never/once in a while disrespectful to others at school (-10%) - 44% of students feel respected by their peers (-7%) - 10% → "How well do people understand you as a person?" - 13% → "Overall, how much do you feel like you belong at your school?" - 16% → "How excited would you be to have your teacher again?" - 28% → "How supportive are students in their interactions with each other?"	Opportunities: What opportunities are present to impact successful school improvement plan implementation? What is going on around you that seems to be useful? What district resources are available to support your work? What could be done today that isn't being done? Who can support you and how? Threats: What obstacles might impact your school improvement plan implementation? What political, economic, social, technological, demographic or legal trends might impact your school improvement plan implementation? Are there any standards, policies, and/or legislation changing that might negatively impact you?
	Reflection	

- 1. Continue to develop teacher EL curriculum implementation knowledge (with the goal of effectively releasing to students) & maintaining instructional practices that allow students to think at high levels around the most important things.
- 2. Continue to develop PLCs with data protocols & student work analysis is a focus leading to goal setting from a common challenge.
- 3. Fairlawn needs to establish a calm, structured and safe learning environment where everyone is online and ready to learn and teachers have high expectations for all students.

Schoolwide Planner (Required for All Schools)

1. Vision

1a. District Vision: Empowering our students to thrive in life.

1b. School Vision: Empowering everyone to achieve their potential.

2. Mission

2a. District Mission: Preparing every student to excel in our global society through world-class learning experiences.

2b. School Mission: Providing opportunities for everyone to meet high expectations and individual goals, while fostering a safe, respectful, and equitable learning environment.

Subgroup Focus (CSI/TSI):

3. Why is this our current reality?

3a. Root Findings: [1]	3b. Data Sources: [2]
1. 6 teachers are new to EL curriculum (Approx 1/3 of cert teachers)	1. Current reality
2. Walkthrough data suggest that teachers aren't consistently releasing to students effectively at high levels	Walkthrough data from 22-23 school year: Walkthrough data shows few students doing the thinking and rare for teachers to be observed monitoring for learning (mostly for student compliance)
Performance data suggest the need for high quality curriculum and instruction	3. The gap between Fairlawn and the EVSC percent of students at or above national norm RIT has grown over the last three years in reading and math; The Spring percent of students passing IREAD3 has decreased since 2017 (77, 60, 57, 60, 37, 34) Historic low Spring+Summer IREAD Pass Rate (41.4%); Approximately 20% of K-2 students show proficiency on grade level foundational reading skills; Historic low on 22-23 ILEARN percent of students proficient on ILEARN in reading (11.7%) and math (17.8%).
4. 4 out of 6 PLC activators are new to the role and every team except K has either a new teacher or new to grade level	4. Current reality

4. What are we going to do about it?

4. VVII at are we going to do about it:

Implement EL as designed while effectively releasing to students in a way that allows students to think at high levels around the most important things.

4b. Strategy or Intervention #2:

Continue to develop PLCs as a vehicle for teachers to increase knowledge around what students learned, how to move learning forward, as well as knowing who benefited and who did not.

5. How will we know if it's working?

5a. Monitoring Strateg	y/Intervention #1	l: [3]			5b. Monitoring Strategy/Intervention #2: [4]

	SIP Requirements
Curriculum and Interventions	EVSC curriculum and interventions align with Indiana Academic Standards. Primary resources: Reading/ELA: Open Up Resources (Science of Reading aligned) and Zaner Bloser HW (gr. 3), Math: EVSC curriculum resources (K-1), Great Minds Eureka Math (gr. 2) and Savvas, Science: Mystery Science, Social Studies: Discovery Ed/EVSC Curriculum, Visual arts, music, health and physical education: EVSC Curriculum resources; Interventions: IXL, 95%, Just Words, Orton Gillingham Complete list of EVSC curriulum is available on the EVSC website under Academics.
Assessments (in addition to state assessments)	NWEA Computer Adaptive Assessment (Benchmark) is given to all K-10 students three times per year to identify students' instructional level and monitor student growth. PSAT (Benchmark) is administered to 8th and 9th grade students to align interventions and prepare for PSAT (gr. 10) and SAT. Achieve 3000 (Benchmark) is administered to grades 6-8 to identify instructional reading level and monitor growth. Students in grades K-2 are screened to determine tendencies of dyslexia (common formative) and students in K, 2, 4 and 7 are screened or assessed to determine eligibility for high ability services. Gr. 2 take early IREAD to determine need for support. Common formative and summative teacher or curriculum developed assessments aligned with Indiana Academic Standards are available within the EVSC curriculum.
Instructional Program	MTSS (Multi-tied System of Support) model: Tier I: high expectations for academic achievement are made clear and supported with scaffolding and resources using a variety of instructional strategies to meet diverse needs of students. MTSS multi-faceted team considers student data to evaluate, monitor and identify most in need students who require support in mastering grade level content or students who demonstrate advanced levels of achievement. Tier II or III supports provide evidence-based strategies and the team monitor progress to adjust supports as needed. The MTSS team also considers factors that inhibit academic achievement including attendance and work to put strategies in place for individual student improvement.
Coordination of Technology	EVSC provides robust support for integration of technology into the instructional program with professional development and training for teachers and staff, and dedicated technology specialists who support staff and infrastructure.
Career Awareness and Development	EVSC counseling curriculum and services are based on the ASCA model and includes career-focused classroom lessons at all levels as well as a variety of integrated opportunities including career fairs, job site tours, career based clubs, guest speakers and a robust offering of CTE courses.
Safe and Disciplined Environment	GAIN (Growth in Academics through Neuroeducation) provides professional development for staff and GAIN Self-Reg curriculum to support students in the development of self-regulation and future-ready skills that lead to academic success, career readiness, and ability to contribute positively to their communities. The MTSS team work with students who need additional Tier II and Tier III support to be successful. School rules and attendance, discipline and bullying policies are accessible on the EVSC website.
Cultural Competency	Teachers utilize information from all students about their cultural heritages and incorporate this knowledge into classrooms in sensitive and useful ways that enhance learning for all students.
Attendance	EVSC Core Attendance Task Force works with schools to support schools to proactively improve attendance. The Truancy Roundtable works with community partners including the court system to put strategies in place to address chronic absenteeism. The school MTSS team address attendance as an obstacle to academic achievement and monitor data, determine need and strategies and monitor progress.
Parent and Family Engagement	District Family and Community Engagement (FACE) Team work with schools to support asset based two-way communication, cultivate trust and relationships, and support equity-focused family engagement with academic excellence for all students as the goal.
Secondary Schools	EVSC offers a wide variety of advanced placement, dual credit and advanced Career and Technical Education opportunities and students are encouraged through academic counseling services to seek advanced coursework. All course offerings are available on the EVSC website under Academics, Curriculum, HS course catalog.

	Title 1 Schoolwide Additional Inforn			
	District	School		
Schoolwide Reform Strategies Strategies to address the needs of all students Effective Timely Assistance	EVSC implements an MTSS model of support. All students receive Tier I core instruction with robust expectations with scaffolding and resources to support academic achievement. There is a clear, data driven process for Tier II and Tier III identification (K-8), and evidence based reading and math intervention support based on need. All primary grade teachers (K-2) are trained in LETRS, a scientifically based approach to reading instruction. GAIN (Growth in Academics through Neuroeducation) provides regular professional development and technical assistance for staff. Tier I GAIN Self-Regulation curriculum supports students in development of skills leading to academic success. GAIN Support Specialists work with school teams to utilize data to identify students who need additional supports and develop plans for evidence-based Tier II and III supports. Each school with elementary grades has at least one teacher being trained in Science of Reading certification through Mount St. Joseph University.	We teach SEL curriculum to all students, do Cognimoves with grades K-2, and		
Assessment (SW model of teacher inclusion in decision model	EVSC implements Professional Learning Communities and teachers have embedded, protected time during the day to meet. Teacher teams regularly review student data (individual, class and grade) to plan for and adjust instruction to move all students to mastery of standards. PLCs determine need for remediation or enrichment or refer students to the MTSS team for additional support.	PLC's meet once a day at Fairlawn Monday through Thursday - that time is built in to master schedule. On Friday's, school committees meet in the morning before stude arrival, so teachers have the choice to flip their planning period to the PLC time with the master schedule that day OR meet on Friday for an additional PLC. Their team makes the decision and they do it based on need. Administrators and PLC activator lead data chats throughout the year within PLC's. The MTSS committee is continuo looking at student data - at least bi-weekly. Our support team frequently tracks and reviews data as well to help make needed adjustments.		
Transition (Pre-K and Middle/HS) (Assist Preschool children in transition to elementary school, students to MS/HS)	For any students attending EVSC pre-K programs, Kindergarten teachers will have access to GOLD assessment reports for individual children. The Director of Early Learning Initiatives regularly collaborates with appropriate Headstart leadership to encourage ongoing transition of students from Headstart to Kindergarten. Parent information and support is readily available for parents of students entering Kindergarten through multiple sources including district website, social media, schools and community agencies. Schools host family nights for new students transitioning to the school. School attendance district feeder schools plan and coordinate activities to support successful transition to middle and high school.	We offer WeeCare preschool at Fairlawn. We have a kindergarten round up each y where all incoming kindergarten students and parents are invited to come to tour th school, learn about kindergarten, and find out more about our school. We also are communication with preK agencies to get any data from them that may support our incoming kindergartners. This past summer we added a KCAMP to our summer sc to support incoming Kindergarten students. Our 5th graders get visited by McGary - both in person and virtually - to learn about McGary and middle school in general. school host monthly family nights where all students - returning and new - can come to know Fairlawn and enjoy monthly events together.		
Increase Learning Time	EVSC provides a robust summer program for students in Title I schools that prioritizes most in need K-8 students. The summer program utilizes evidence based practices and provides reading and math curriculum with a STEM focus. EVSC provides a district Early Learning program for most in need students and prioritizes students who live in a Title I school elementary attendance district for enrollment. 21st Century schools provide additional after school learning opportunities for students.			
Schoolwide Plan (District technical support, grant activities, monitoring, evaluation)	Chief Administrative Officials meet with building administrators and leadership team at least 2 times per month to monitor the SIP implementation and results, adjust action planning and short term monitoring based on data. The Superintendent and district executive leadership team meet two times per year with school administrative teams to review data, SIP goals, strategies and action plans and to determine ways to support school level implementation of SIPs. The Director of Title I Support works with schools to ensure monitor Title I required grant activities.	The Zone 2 team reviews the SIP monthly with Fairlawn administrators and adjust/r the plan as needed based on data.		
High quality, on-going Professional Development	EVSC implements a job embedded coaching model to support teachers in improving instruction and meeting the needs of all students. Teachers particpate in PLCs and summer PD opportunities to learn new strategies, skills and curriculum. Chief Administrative Officers work directly with Title I principals to provide coaching and on-going professional development. Paraprofessionals receive training based on their specific role.			
Recruitment and Retention (Recruitment and retention of effective teachers - high needs subjects)	EVSC Executive Director of Human Resources and the Assist. Superintendent of Talent collaborate with higher education partners to recruit HQ staff to Title I schools. HR prioritizes offers for early contracts to new hires in Title I schools and hires Flex teachers to work in Title I schools prior to placement. Teachers in Title I schools receive additional compensation based on teaching in a high needs school. Human Resources staff work directly with certified staff holding emergency licensure to expedite transition to HQ and monitor non-HQ teachers in Title I schools yearly. Paraprofessionals meet the current requirements for Title I.	We are very intentional about ensuring staff in our school feel supported and appreciated. Due to putting intentional efforts in the staff culture/climate within our building, Fairlawn has seen good results as far as staff retention duirng the recent y		
SWP Development (SWP is developed with involvement of parents and other community members)	Schools survey families and community partners yearly to gather input for SIP/Title I strategies. In addition, EVSC surveys families yearly (My School Survey) and results are provided to schools. Schools work with School Community Councils, parent organizations and familes to collect input for the SWP.	Fairlawn is having family engagement events monthly for the second year in a row. are having a Title I and SIP based meeting for parent and community partners to at and provide feedback. We receive feedback through YF and SW frequently as they community partners within our school and we utilize their feedback when planning of SIP too.		

Access to SIP (Available to families, staff, community)		public in the fa	all after submis	posted on the school website for access to parents and the ission to IDOE. The SIP document is a living google doc and easily supplied access if needed. We will communicate pieces of the SIP out to parents during one of our family engagement events at the beginning of the year. We share it our with staff and then leadership team reviews it at least onthly throughout the year as well as the Zone 2 team. It is posted on our school website for anyone to access when needed.			
FACE Activities (Activities that have shown to be effective at increasing family and community engagement in the school, including family literacy programs)		leadership to with familes. I communication provides assis	inform decision Parents are info on including pho stance in planni	ement: The EVSC FACE Team will work with district and school one around family engagement programming and communication formed regarding academic assessment results through direct none calls, texts and emails. The Director of Title I Support ning evidence based family engagement activities that focus on o support learning at home.			
Coordination of Programs (Developed in coordination with other programs, services and resources)		SIPs are developed in coordination with the district Continuous Improvement Plan as an overarching document which coordinates across mulitple programs. Chief Administrative Officers access other departments, programs and services as needed to support individual school needs.					
Coordination of Funds (Describe how Title I funds will be coordinated with local,state and federal programs)		The Director of Title I Related Grants coordinates use of funds based on the Continuous Improvement Plan, needs assessment priorities, school based needs assessments and input from Chief Administrative Officers. A federal grants team meets monthly to review alignment of funds.

Waivers, Provisions, and Assurances

- No statutes and rules will be suspended from operation from this school.
- Curriculum and information regarding the location of a copy of the curriculum is available for members of the public.
- Assessments besides state assessments are used at this school.
- Plan to be submitted to the governing body and made available to all interested members of the public and in an easily understood format.
- Provisions are in place to maintain a safe and disciplined learning environment for students and teachers.
- Provisions are in place for the coordination of technology initiatives.
- A professional development program exists pursuant to IC 20-19-2-11 and IC 20-20-31.
- The plan complies with the board's core principles for professional development.
- Exclusive Representative supports the professional development component of this plan.
- ✓ Provisions are in place to maximize parental participating in the school.

Principal Signature of Assurance	Date	

- [1] Highlight the root cause findings on the "Self-Assessment" tab, and use the space below to explain your rationale.
- [2] Checkpoint metrics should align to these data sources to allow for frequent progress monitoring.
- [3] What will we look during in consistent, short-term cycles to know our strategy is working?

Reflection: Be sure to consider alignment and intentionality.

Is the determined metric aligned to the baseline, root findings, strategy, goal, and ultimate outcome?

Is it realistic?

Do you need any support from district office to align systems necessary to ensure this measure is continuously easy to access on short cycles?

[4] What will we look during in consistent, short-term cycles to know our strategy is working?

Reflection: Be sure to consider alignment and intentionality.

Is the determined metric aligned to the baseline, root findings, strategy, goal, and ultimate outcome?

Is it realistic?

Do you need any support from district office to align systems necessary to ensure this measure is continuously easy to access on short cycles?

[5] How much do you expect your short-term baseline do grow by the end of your first designated improvement planning cycle? Think in shorter intervals of time than "by the end of the year."

It may make sense for your school to align your cycles to when you will have benchmark data.

Example:

- 4.1 of 5 by 10/22/2014 Presenting Instructional Content Indicator (School Walkthroughs)
- [6] How much do you expect your short-term baseline do grow by the end of your first designated improvement planning cycle? Think in shorter intervals of time than "by the end of the year."

It may make sense for your school to align your cycles to when you will have benchmark data.

Example:

4.1 of 5 by 10/22/2014 - Presenting Instructional Content Indicator (School Walkthroughs)

[7] How much do you expect your short-term baseline do grow by the end of your first designated improvement planning cycle? Think in shorter intervals of time than "by the end of the year."

It may make sense for your school to align your cycles to when you will have benchmark data.

Example:

4.1 of 5 by 10/22/2014 - Presenting Instructional Content Indicator (School Walkthroughs)

[8] How much do you expect your short-term baseline do grow by the end of your first designated improvement planning cycle? Think in shorter intervals of time than "by the end of the year."

It may make sense for your school to align your cycles to when you will have benchmark data.

Example:

4.1 of 5 by 10/22/2014 - Presenting Instructional Content Indicator (School Walkthroughs)
